

NEW PRODUCT

Martin Audio Blackline+

Ref: G/NEW/011

A range of high quality passive speaker products from industry leader Martin Audio.

bright* has introduced to stock industry leading Blackline+ products; including the smaller F10+ cabinets designed for portable PA, background sound reinforcement and monitoring, and the larger F15+ full range cabinets and S218+ twin 18" bass speakers. Speakers can be supplied individually or complete with amplification and processing as part of larger PA packages.

Blackline+ systems are synonymous with exceptional sound quality and reliability and have become the benchmark for premium live music venues, nightclubs and installations worldwide. We recommend these systems for all theatre applications, event sound reinforcement, recorded and live applications. Please contact us to discuss a product to suit your particular application.

F10+ Speaker

The Blackline F10+ is a versatile, two-way passive system, designed to provide exceptional sound reinforcement and stage monitoring from a very compact enclosure

DRIVERS:	10" (250mm) LF Driver 1" (25mm) HF Driver
RATED POWER:	300W AES, 1200W Peak
RECOMMENDED AMPLIFIER:	300W – 1000W into 4 ohms
DIMENSIONS:	351(W) x 500(H) x 317(D) mm
WEIGHT:	17kg

F15+ Speaker

The high power Blackline F15+ is a high performance, wide-bandwidth system in a compact and efficient package.

DRIVERS:	15" (380mm) LF Driver 1.4" (35mm) HF Driver
RATED POWER:	400W AES, 1600W Peak
RECOMMENDED AMPLIFIER:	400W – 1200W into 4 ohms
